Remote Education Policy for Greek Primary School of London

1. Statement of School Philosophy

The Greek Primary School of London has always strived to be creative, innovative and support our parents/children in the best way possible to make learning purposeful and holistic. Our strategy for remote learning aims to continue this approach.

2. Aims

This Remote Education Policy aims to:

- Ensure consistency in remote learning for all pupils (incl. SEND) who are not in school, through the use of quality online and offline resources and teaching videos
- Provide clear expectations for the members of the school community, with regards to the delivery of high quality and interactive remote learning
- Include continuous delivery of the school curriculum, as well as support of Motivation, Health and Well-Being for students and support for parents
- Consider continued education for staff and parents (e.g. CPD, Supervision and Meet the Teacher)
- Support effective communication between the school and families and support attendance

3. Who is this policy applicable to?

- A child (*and their siblings if they are also attending The Greek Primary School of London*) who is absent because they are awaiting Covid-19 test results and the household is required to self-isolate. The rest of their school bubble are attending school and being taught as normal.
- All the students from the same bubble who are not permitted to attend school because they, or another member of their bubble, have tested positive for Covid-19.
- Remote learning material will also be shared at the start of the week with families when their child is absent from school due to Covid-19 related reasons.

4. Content and Tools to Deliver This Remote Education Plan

Resources to deliver this Remote Education Plan include:

- Online tools for EYFS, KS1 and KS2. These include education online platforms that have been developed and supported by the Greek School Network, and supervised by the Greek Ministry of Education (*for example, e-Me, e-class*). Furthermore, online tools for staff CPD and parents sessions.
- Webex - Online communication platform for the teacher to deliver live online lessons with the whole class. The Greek Primary School's teachers have created accounts on the webex platform bought and supported by the Greek Ministry of Education, which provides extra online security and data protection.
- Use of Recorded video (*or Live Video if used*) for Start Day registration, instructional videos and assemblies
- Phone calls (for example in case there are technical difficulties)

5. Home and School Partnership

The Greek Primary School of London is committed to working closely with families. We recognise each family is unique and therefore remote learning will need be agile and meet each family's individual needs.

The Greek Primary School of London School will provide a refresher online training session and induction for parents on how to use Webex and additional digital platforms/tools such as e-me and e-class. Also, where possible, we will provide personalised resources.

We would encourage parents to support their children's work, including finding an appropriate place to work, trying to keep a daily routine and structure, and, to the best of their ability, support pupils with work encouraging them to work with good levels of concentration.

Every effort will be made by staff to ensure that work is set promptly. Should accessing work be an issue, parents should contact school and alternative approaches will be followed. These will be discussed on case-to-case basis.

All children sign an 'Acceptable Use Policy' at school which includes e-safety rules. This applies when children are also working using computers at home.(consent form send by the Greek Ministry of Education)

6. Roles and responsibilities

Teachers

To note: the suggested responsibilities below relate to where a whole class/bubble is isolating and would be reduced when it is fewer children isolating and the majority of the class are in school.
